EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 5 (line 2), the phrase "is a selected" has been amended to read as --is selected-- to improve the grammatical form.

Allowable Subject Matter

- 2. Claims 1-16 are allowed.
- 3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Das teaches a ferroelectric tunable filter including stubs.

Kakihan teaches methods of tuning stubs including removing portions of the stub.

4. The following is an examiner's statement of reasons for allowance:

The prior art described above does not teach the claimed invention including a fluid control system selectively moving a fluid dielectric from a first position coupled to a stub to produce a first tuned response to a second position decoupled from the stub to produce a second tuned response (Claim 1), or regarding Claim 12, responsive to a control signal, moving a fluid dielectric from a first position coupled to a stub to produce

Art Unit: 2817

a first tuned response to a second position decoupled from the stub to produce a second tuned response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen E. Jones whose telephone number is 571-272-1762. The examiner can normally be reached on Monday through Friday from 8 AM to 4 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert J. Pascal can be reached on 571-272-1769. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
